The Supervisors will have full control of the schools under these acts, with the exception of the teachers and the curriculum, and Mr. Babbitt is doing everything in his power to furnish the Supervisors with all the information possible to aid them in taking hold of the new proposition. In one way it will be a relief to the Superintendent, on the other hand he feels the natural anxiety attending any new system that has not been tested.

W. H. Babbitt, Superintendent of Public Instruction, will tomorrow give over to the Board of Supervisors some of the responsibility and troubles that have been on his shoulders in the past. According to Acts 100 and 101 passed by the last Legislature, each county shall provide for the maintenance and repair of all school houses other than the Lahainaluna Seminary, the Normal School, and the Boys and Girls Industrial Schools, beginning July 1.

This afternoon at 2:30 o'clock there will be a baseball game played between a team from the St. Louis and the Malle bunch of ball tossers. A strong team has been selected to represent the Malle, and the cruiser's nine is also said to be a good one. The game, which will be played at the League Grounds, should be an interesting one and no doubt a crowd of fans will roll up to see it. The lineup of the Malle is as follows: W. Hampson, 1b.; J. Kaimi, 2b.; H. Chillingworth, 3b.; F. Markham, ss.; C. Akina, rf.; J. Ordenstein, lf.; D. Townsend, cf.; J. Winne, c.; J. Williams, p.

## WATERFRONT NOTES

THE PURSERS of the various boats touching at Honolulu have either all turned press agents, or the weather man has given up the ghost and bivouacked against travellers on the high seas. The pursers of the Manchuria reiterated the statement of the pursers of the Makura, who repeated the statement of the pursers of the Aorangi, who plagiarized the opinion of the pursers of the Siberia, who fleeced the statements of the pursers of the inter-island boats that the weather was "splendid all the way over and I never saw such continuous smooth seas in my life."

A DECK LOAD of 200,000 feet of lumber from the Puget Sound mills to Allen & Robinson was brought in this morning by the steamer Hyades, Irwin. The Manchuria trend on her heels all the way in the harbor. She also carries a good cargo of general merchandise, chiefly food stuffs, hay and grain, a large part of which will go to other inter-island ports. Good weather was reported all the way over.

THE UNITED STATES cruiser St. Louis this morning left the Oceanic wharf and anchored beyond the reef. She has changed her plans insofar that she will not go to Hilo for the fourth as she intended but will sail Sunday direct for Suva and the Somalis.

BOATS NOW EXPECTED at the waterfront are the Marion Chifford, tanker, from Gayola, the Ben Lee from Leth and several other windjamers. According to information received from Midway Island the U. S. S. Iris will be here tomorrow.
